Nomura Asset Management Co., Ltd. does not directly handle order requests for the Fund from investors. To invest in the Fund, it is necessary to open an account with a nearby Type-1 financial instruments business provider (securities firm) that handles ETFs and make a request to the broker.

Since the Fund invests primarily in securities and future contracts, there is a risk that the market price of such securities or the NAV per unit of the Fund could decline and cause an investment loss due to a decline in the stock price index, a price decline in securities comprising the index, the bankruptcy of a stock issuer, or deterioration in the financial conditions of an issuer, in addition to other market factors.

AN INVESTOR’S PRINCIPAL IS THEREFORE NOT GUARANTEED.

AN INVESTOR SHALL BEAR THE FOLLOWING COSTS WHEN INVESTING IN THE FUND.

Trading Fee

Trading of the Fund incurs brokerage commission fees set by a Type-1 financial instruments business provider (securities firm) that handles the transaction. These commissions are separate from the actual transaction value. (Because the commissions charged by each securities firm differ, it is not possible to specify a maximum amount.)

Management Fees

The amount of management fees will be an amount calculated according to (I) below plus that calculated according to (II) below daily during the Fund calculation period.

(I) The management fee will be a percentage of the Fund's total net assets no larger than 0.3024% (0.28% exclusive of taxes) annually (the percentage will be at 0.3024% [0.28% exclusive of taxes] as of February 10, 2017).

(II) Not more than 43.2% (40% exclusive of taxes) of loan fees when securities are lent. This will be divided in a ratio of 80 to 20 between the manager and the trustee.

An investor shall bear the management fees above according to the holding period. These amounts will be paid out of trust assets and they are the costs indirectly paid by an investor during an investor’s holding period.

Other Expenses

The taxes involved in the Fund, various handling costs for the trust business, the interests for the fund paid by the trustee, brokerage commission fees for transactions in the securities comprising the Fund, various expenses such as audit fees, listing fees for the Beneficiary Interests, and fees for use of benchmark index trademarks, and the sales taxes for each fee. These expenses are paid out each time during an investor’s holding period. These amounts will be paid out of trust assets and they are the costs indirectly paid by an investor during an investor’s holding period.
